

DEVELOPING SKILLS IN:

- Self-motivation
- Self-discipline
- Time management
- Organization
- Communication

SUCCESS STARTS HERE!

Students today have many different special needs and situations that require a variety of learning methods. Whether your student is home schooled, having difficulties in their current school, looking for an accelerated program, experiencing bullying behaviors from others, coping with a physical or mental illness, our online program will work with your student to help them achieve academic success.

OUR VISION

At Climax-Scotts Virtual Academy, we believe our online education opens new opportunities for students.

We are an online school that realizes all students are gifted in one way or another. We work with your student to sharpen their skills while strengthening other areas to create a well-rounded individual. Our staff will help your student achieve their academic needs and will provide support in all areas of their education.

We offer an engaging curriculum along with a flexible schedule to allow students to maximize their learning potential. This flexibility is one of the main advantages of Climax-Scotts Virtual Academy.

CURRICULUM

Climax-Scotts Virtual Academy prides itself on using an engaging curriculum to deliver content to our students.

We use CompassLearning® along with OdysseyWare® as our main platforms. The curriculum is continuously updated to include the latest trends in education.

Our curriculum provides students with academic courses that meet Michigan Common Core Standards. Students benefit from all the tools and resources provided for successful academic achievement. We provide students with outstanding educational values, and create a curriculum that meets their needs.

WHAT MAKES US DIFFERENT?

Climax-Scotts Virtual Academy focuses on having our students master the content as we work with them to reach their goals.

We send monthly progress reports indicating student improvement. Our staff communicates with students daily using the following:

- PHONE
- EMAIL
- INSTANT MESSAGING
- TEXT MESSAGING
- VIDEO CONFERENCING

Climax-Scotts Virtual Academy employs Michigan certified teachers that are knowledgeable and experienced in educating students in online learning. Our teachers participate in a minimum of 60 hours of professional development throughout the school year. Teacher training includes curriculum, how to communicate with families and school districts, as well as differentiating instruction.
