CONSULTANTS & CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Climax-Scotts Community Schools, State of Michigan, County of Kalamazoo

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Climax-Scotts Community Schools (the District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Climax-Scotts Community Schools as of June 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note K to the financial statements, the District adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 62, No. 63 and No. 65 as of July 1, 2012. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 2 through 11 and 32 through 38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The introductory section and combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

Climax-Scotts Community Schools is a K-12 school district covering areas throughout Kalamazoo and Calhoun Counties, Michigan. Climax-Scotts Community Schools encompasses an area of approximately 61 square miles, and is located in the southwestern portion of Michigan's Lower Peninsula. The School District currently operates one Elementary School (K-5), one Jr./Sr. High School (grades 6-12), and an Adult/Alternative Education Program. Employed by the District are thirty-four full and part-time teachers (K-12) eight part-time teachers for Adult & Alternative Education, one counselor, one psychologist, one contracted speech therapist, one social worker, three administrators, forty-four- full and part-time support staff personnel, which includes office personnel, maintenance/custodial, food service, pre-school, latch key, transportation, and Superintendent of Schools.

This 2013 annual financial report is written in conjunction with the School District's financial statements, which immediately follow this section. In this financial report, the Climax-Scotts Community Schools present their discussion and analysis of the school's financial condition for the fiscal year ended June 30, 2013.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. The purpose of these statements is to present to the reader the financial condition of Climax-Scotts Community Schools. The District-Wide Financial Statements, reported on a full accrual basis, provide information about the activities of the whole School District, presenting both an aggregate and long-term view of those finances. The fund financial statements, reported on a modified accrual basis, provide the next level of detail. These statements look at the School District's operations in more detail than the district-wide financial statements by providing information about the School District's General Fund, classified as a significant fund. All other funds are presented in one column as non-major funds. The remaining statement, the statement of fiduciary assets and liabilities, presents financial information about activities for which the School District acts solely as an agent for the benefit of students and parents.

Reporting the School District as a Whole – Financial Statements

To follow, are Climax-Scotts Community School's District-Wide Statement of Net Position and Statement of Activities. The Statement of Net Position includes all assets and liabilities, using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the District's net position, which are the difference between assets, deferred outflows of resources and liabilities, as reported in the Statement of Activities, as one way to measure the School District's financial health or financial position. Over time, increases or decreases in the School District's net position, as reported in the Statement of Activities, are one indicator of whether its financial health is improving or deteriorating. However, you need to consider other non-financial factors such as changes in the District's property tax base and the condition and age of the school buildings and other facilities.

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

The relationship between revenues and expenses represent the School District's operating results. It should be noted that the School District's goal is to provide services to our students not to generate profits as commercial entities do. Scope and quality of the education provided, as well as the safety of the students and schools, are other non-financial factors that should be considered to assess the overall health of the School District.

The Statement of Net Position and the Statement of Activities report the governmental activities for the School District, as a whole, which encompass all of the School District's services, including expenses for instruction and instructional support, support services, food services, athletics, as well as interest on long-term debt, asset disposal, and depreciation. Revenues include property taxes levied for general obligations, property taxes levied for debt service, unrestricted state aid (foundation allowance) and interest and investment income. State and federal grants are also a revenue source.

Statement of Net Position

A summary of the School District's net position as of June 30, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>

CHANGE IN NET POSITION	\$ 421,327	\$ 382,049

Fund Financial Statements – Reporting the School District's Most Significant Fund

The School District's fund financial statements provide detailed information about the most significant funds, not the School District as a whole. Some funds are required to be established by State law and by bond covenants. In an effort to control and manage money for particular purposes, such as Food Services, the School District establishes separate accounts to assist the reader in making the determination that Climax-Scotts Community Schools is being held accountable for the resources taxpayers and others provide to it. This financial information also gives insight into the financial health of the District. Funds for Bond Issues, which fund construction for voter-approved capital projects, are also other funds that are established to show that the District is meeting legal responsibilities. By definition, the General Fund of Climax-Scotts Community Schools is the only fund that qualifies to be classified as a major fund.

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

The School District as Trustee – Reporting the School District's Fiduciary Responsibilities

The Climax-Scotts Community Schools acts as the trustee for its student activity funds. These activities are reported in a separate statement of fiduciary assets and liabilities. These activities are not included in other financial statements, because the School District cannot use these assets to finance its operations. The School District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

State Aid and Property Tax on Non-Homestead Taxable Value

Approximately 87% of the District's revenues are received from State sources and local tax. This unrestricted aid from the State of Michigan is based on three variables:

- The Districts per student foundation allowance
- Student enrollment calculated by blending 90% of the September pupil count, and 10% of the February count
- The revenue generated from tax on non-homestead and commercial personal property.

Per Student Foundation Allowance

The foundation allowance that School Districts receive is established by the State of Michigan annually. For fiscal year end June 30, 2012, the allowance was set for \$6,966. This is an increase of \$120 per student over the 2011-12 set foundation, but still \$350 less than 2010-11. Additional funding from the State of Michigan for Best Practice Incentive 22f, Reimbursements for Data collections 152a and a Retirement Cost offset 147a, amounting to \$98,126, did not make up for the reduction in foundation, leaving the district less funding per student as has been the continuing trend.

Student Enrollment

Climax-Scotts Community Schools' blended membership count of the 2012-2013 school year was 530.08 students, which includes students enrolled in our alternative education program. The following is a breakdown of student FTE for the last five years:

2008-2009	637.43
2009-2010	597.00
2010-2011	571.72
2011-2012	566.35
2012-2013	530.08

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

Our blended student enrollment for the 2012-2013 school year of 530.08 students was based on 10% of our February 2012 count, and 90% of our October 2012 count. As you can see from the above student enrollment history, our district has experienced declining enrollment for the last five years.

Property Taxes Levied for General Operations

Climax-Scotts Community Schools levies 18 mills on non-homestead property, which generates revenue for General Fund operations. Under Michigan law, the taxable levy is based on the taxable valuation of properties within each School District. Annually the taxable valuation increase in property values is capped at the rate of the prior year's CPI increase or five percent, whichever is less. Climax-Scotts Community School levied 18 mills for operations for the 2012-2013 tax year, generating \$259,505 on non-homestead property, and \$4,060 in commercial personal property revenue. This represents a 10% increase in tax revenue. Both Calhoun and Kalamazoo County Treasurers settled their delinquent tax accounts with our school district prior to June 30, 2013.

The following summarizes the District's non-homestead levy the past five years:

2008-2009	\$236,842	Decrease of 2%
2009-2010	\$251,695	Increase of 6%
2010-2011	\$234,400	Decrease of 7%
2011-2012	\$256,955	Increase of 10%
2012-2013	\$259,505	Increase of 1%

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

Capital Assets

Deyo & Associates of Kalamazoo, Michigan completed the District's most recent asset appraisal for the fiscal year end June 30, 2013. Deyo provides the District an updated annual asset appraisal based on additions deletions and to assets throughout the current fiscal year. An on-site update of the school's assets was conducted in December 2008.

At June 30, 2013, the School District had capital assets net of accumulated depreciation, totaling \$4,033,405, which includes land, buildings, furniture and equipment, fleet of buses, and athletic facilities including an all weather track. This represents a net decrease (including additions, deductions, and depreciation) of approximately \$59,978 or 1.5% from fiscal year end June 30, 2012. A summary of capital assets is as follows:

	<u>2013</u>	<u>2012</u>
Buildings and improvements	\$ 6,843,107	\$ 6,843,107
Outdoor equipment	666,183	666,183
Equipment	543,948	526,191
Vehicles and tractors	556,022	445,808
	<u>8,609,260</u>	<u>8,481,289</u>
Less: accumulated depreciation	(4,575,855)	(4,388,563)
NET CAPITAL ASSETS	<u>\$ 4,033,405</u>	<u>\$ 4,092,726</u>

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

Long-Term Obligations

At the end of fiscal year ended June 30, 2013, the School District had a balance of \$5,704,318 in outstanding debt retirement and school improvement bonds, notes payable, and a loan through the School Bond Loan Fund. When making a comparison to the balance at fiscal year ended June 30, 2012 of \$6,400,015, this represents a net decrease in long-term obligations of \$695,697. Reference page 41 for Activity in long-term obligations, which consist of the following:

	Balance at July 1, 2012	Additions	Deductions	Balance at June 30, 2013
2008 Refunding	\$ 3,110,000	\$ -	\$ (310,000)	\$ 2,800,000
Interest related to 2008 current refunding bond issue	782,675	-	(131,175)	651,500
2011 Refunding	1,065,000	-	(155,000)	910,000
Interest related to 2011 current refunding bond issue	111,832	-	(28,223)	83,609
1998 School Improvement (Durant)	26,373	-	(26,373)	-
Interest related to 1998 school improvement bond issue (Durant)	7,015	-	(7,015)	-
2013 bus note payable	-	89,390	-	89,390
Interest related to 2013 bus	-	10,882	-	10,882
2013 van note payable	-	21,000	(2,736)	18,264
Interest related to 2013 van	-	2,394	(606)	1,788
School bond loan fund	1,056,411	-	-	1,056,411
Interest related to school bond loan fund	240,709	55,765	(214,000)	82,474
Total	\$ 6,400,015	\$ 179,431	\$ (875,128)	\$ 5,704,318

The District has been participating in the School Bond Loan Fund since our bond issue in 1994. Our school district currently has two bond issues that are active, represented by our 2008 and 2011 Debt Retirement Funds.

It should be noted that due to a drop in interest rates, the District refinanced its 1994 bonds in 1997, and again refinanced their 1997 bonds in 2008. The 2008 Refunding Bond Issue totaled \$4,410,000, and the transaction took place in February of 2008. Total savings to the District's taxpayers totaled \$524,705. This number can be broken down into net cumulative savings totaling \$448,066, with additional estimated savings related to interest cost avoidance on the current School Bond Loan of \$76,639.

Original versus Revised Budget

The Uniform Budget Act of the State of Michigan requires that a local Board of Education approve the original budget for the upcoming fiscal year prior to July 1st, the start of the fiscal year. The budget for 2012-2013 was approved on June 25, 2012, and the Board approved a final amendment to that budget on June 24, 2013.

General Fund Revenues

Total Revenues – Revised Budget	June 24, 2013	\$4,983,958
Total Revenues – Original Budget	June 25, 2012	\$4,854,913

The District's actual General Fund revenues were greater than the amended budget by \$7,186.

General Fund Expenditures

Total Expenditures/Other Financing Uses – Revised Budget	\$5,082,704
Total Expenditures/Other Financing Uses – Original Budget	\$5,004,559

The District's actual General Fund expenditures and other financing uses were less than the amended budget by \$98,768.

**Climax-Scotts Community Schools
Kalamazoo and Calhoun Counties Michigan
For the Year End June 30, 2013
Management's Discussion and Analysis**

Economic Factors and Next Year's Budget and Rates

The elected Board of Education and administration of Climax-Scotts Community Schools considered many factors when setting the School District's fiscal year end June 30, 2013 budget. One of the most important factors affecting the budget is our student membership. The State foundation allowance revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended student count for the 2012-2013 school year is based in 10% of the February 2012 and 90% of the September 2012 student counts. The 2012-2013 budget was amended in June 2013 based on a blended student membership count of 530.08 students. Approximately 78% of the total General Fund revenue is from the foundation allowance. Under State Law, the School District cannot assess additional property tax revenue for general operations. As a result, School District funding is heavily dependent on the State's ability to fund local school operations. The health of the State's School Aid Fund depends on the State's ability to collect revenues to fund its appropriation to the school districts. The State periodically holds a revenue estimating conference to estimate revenues. If actual State revenues are less than their estimates, reduction to the per-pupil funding allowance may be necessary.

Once the final student count and related per pupil funding is verified, State law requires the School District to amend the budget if actual School District resources are not sufficient to fund original appropriations.

To recap revenue generated through State Aid for the 2012-2013 school year the reader should note the following: The foundation allowance per pupil was \$6,966. A portion was made up by additional categorical, but per student was less than the 2010-11 year.

Budget Update: 2013-2014

Based on budget projections approved by the Board of Education of Climax-Scotts Community Schools on June 24, 2013, it is anticipated that the school district will have to use approximately \$171,000 of its fund equity to balance the budget for FYE June 30, 2014. Revenues were set at \$4,806,980. Expenditures were set at \$4,978,265. The retirement rate effective October 1, 2013 through September 30, 2013 is set at 24.79%. This is a 2.24% decrease over the 2012-2013 MPSERS rate. This is calculated on net of the Section 147c estimated allotment to be provided by the State.

Climax-Scotts Community School's fund balance at the end of the fiscal year end June 30, 2013 is \$782,087 or approximately 16% of its operating budget. The increase in fund equity comparing fiscal year end June 30, 2012 to fiscal year end June 30, 2013 is an amount of \$7,394. The recommended percent of fund equity for school districts is 15%.

NOTE A – Summary of Significant Accounting Policies

The accounting policies of Climax-Scotts Community Schools (the District) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the District:

Reporting Entity

The District was organized in 1954 and covers an area of approximately 61 square miles. The District operates under an elected school board of seven members and provides service to its residents in the areas of basic, added needs, adult, and community education. The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the District's reporting entity, and which organizations are legally separate component units of the District. The District has no component units.

District-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the District's government-wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments, and other items not included among program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

District-Wide Statements

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants, categorical aid and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE A – Summary of Significant Accounting Policies (Continued)

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

When an expense is incurred for purposes for which both restricted and unrestricted net position or fund balance are available, the District's policy is to first apply restricted resources. When an expense is incurred for purposes which amounts in any of the unrestricted fund balance classifications could be used, it is the District's policy to spend funds in this order: committed, assigned, and unassigned.

Fund Based Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and severance pay, are recorded only when payment is due.

Property taxes, unrestricted state aid, intergovernmental grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and therefore have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government.

The fiduciary fund statements are reported using the economic resources measurement focus and the cash basis of accounting.

The District reports the following major governmental fund:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

Additionally, the District reports the following fund types:

Debt service funds are governmental funds used to record tax, interest and other revenue for payment of principal, and other expenditures on the District's various bond issues. The debt service funds maintained by the District are the 2008 Debt Service Fund, 2011 Debt Service Fund and the Durant Debt Service Fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. The school service funds are special revenue funds that segregate, for administrative purposes, the transactions of a particular activity from regular revenue and expenditure accounts. The District maintains full control of these funds. The school service fund maintained by the District is the Food Service Fund.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE A – Summary of Significant Accounting Policies (Continued)

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent. Fiduciary fund net position and results of operations are not included in the government-wide statements. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. These funds are used to record the transactions of student, teacher, and parent groups for school and school-related purposes. The funds are segregated and held in trust for the students, teachers, and parents. The agency fund maintained by the District is the Student Activities Fund.

Assets, Liabilities, and Net Position or Equity

Deposits and Investments

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables

In general, outstanding balances between funds are reported as “due to/from other funds.” Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “advances to/from other funds.”

All trade and property tax receivables are shown net of an allowance for uncollectible amounts. Taxes are levied on December 1 and are collected through February 28 by various local units for the District. The local units then remit to the District any delinquent real property taxes by June 30.

The State of Michigan utilizes a foundation allowance approach, which provides for a specific annual amount of revenue per student based on a state-wide formula. The foundation allowance is funded from a combination of state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The state portion of the foundation is provided from the state’s School Aid Fund and is recognized as revenue in accordance with state law and accounting principles generally accepted in the United States of America.

The District also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received which are not expended by the close of the fiscal year are recorded as deferred revenue. Other categorical funding is recognized when the appropriation is received.

Inventories and Prepaid Costs

Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. United States Department of Agriculture Commodities inventory received by the Food Service Fund are recorded as inventory and deferred revenue until used. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid costs in both district-wide and fund financial statements.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE A – Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets, which include land, buildings, equipment, and vehicles, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add to the value or materially extend asset life are not capitalized. The District does not have infrastructure type assets.

Building, equipment, and vehicles are depreciated using the straight-line method over the following useful lives:

Buildings and additions	20-50 years
Buses and other vehicles	5-10 years
Furniture and other equipment	5-20 years

Compensated Absences (Vacation and Sick Leave)

The District does not record a liability for compensated absences in the district-wide statements because this benefit is not paid upon termination of employment with the District.

Deferred Resources

Deferred outflow of resources – A deferred outflow of resources is a consumption of net assets by the district that is applicable to a future reporting period.

Deferred inflow of resources – A deferred inflow of resources is an acquisition of net assets by the district that is applicable to a future reporting period. For governmental funds this includes unavailable revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current period.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net deficit. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period.

Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE A – Summary of Significant Accounting Policies (Continued)

Fund Balance

In the fund financial statements, governmental funds report the following components of fund balance:

Non-spendable fund balance includes amounts either not in a spendable form or legally or contractually required to be maintained intact. The District has categorized prepaid expenses and inventories as non-spendable fund balance.

Restricted fund balance includes amounts that are restricted by externally imposed restrictions of creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The District reports restricted funds in the debt and lunch funds.

Committed fund balance includes amounts that are committed for specific purposes by formal action of the District's Board. The District does not have any assets encumbered by Board commitments.

Assigned fund balance includes amounts that are intended by the District to be used for specific purposes, but are neither restricted nor committed. Amounts may be assigned formal action of the District's Board or a Board Committees or by the Superintendent providing written notice to the Board or a Board Committee during a public meeting.

Unassigned fund balance includes the remaining fund balance after applying the above criteria.

Comparative Data/Reclassifications

Comparative data is not included in the District's financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the District's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – Stewardship, Compliance, and Accountability

Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America and state law for the general and special revenue funds. All annual appropriations lapse at fiscal year end.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body (i.e., the level at which expenditures may not legally exceed appropriations) is the function level. State law requires the District to have its budget in place by July 1. Expenditures in excess of amounts budgeted is a violation of Michigan Law. State law permits districts to amend its budgets during the year. During the year, the budgets were amended in a legally permissible manner.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE B – Stewardship, Compliance, and Accountability (Continued)

Excess of Expenditures Over Appropriations in Budgeted Funds

The Uniform Budgeting and Accounting Act, as amended, provides that a local governmental unit shall not incur expenditures in excess of the amount appropriated. The District's actual expenditures and budgeted expenditures for the funds budgeted have been shown on a functional basis. The approved budgets of the District for these budgeted funds were adopted on the function level.

The District did not have any significant budget expenditure variances.

NOTE C – Deposits and Investments

State statutes and the District's investment policy authorize the District to make deposits in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan; the District is allowed to invest in U.S. Treasury or Agency obligations, U.S. Government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase which mature not more than 270 days after the date of purchase, and mutual funds in investments pools that are composed of authorized investment vehicles. The District's deposits are in accordance with statutory authority.

The District has designated two banks for the deposit of its funds.

The investment policy adopted by the board in accordance with state statutes has authorized investment in bonds and securities of the United States government, bank accounts and CD's, and the remainder of state statutory authority as listed above.

At year-end, the District's deposits and investments were reported in the basic financial statements in the following categories:

	<u>Governmental Activities</u>	<u>Fiduciary Funds</u>	<u>Total Primary Government</u>
Cash, and cash equivalents	<u>\$ 943,345</u>	<u>\$ 68,800</u>	<u>\$ 1,012,145</u>

The breakdown between deposits and investments for the District is as follows:

Deposits (checking, savings accounts, money markets, certificates of deposits)	<u>\$ 1,012,145</u>
--	---------------------

The District's investments are subject to several types of risk, which are discussed below:

Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District does not have a formal investment policy to manage its exposure to fair value losses arising from changes in interest rates.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE C – Deposits and Investments (Continued)

Credit Risk

State statutes authorize the District to make deposits in the accounts of federally insured banks, credit unions and savings and loan associations that have an office in Michigan; the District is allowed to invest in obligations of the U.S. Treasury or Agency obligations, U.S. government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase that matures not more than 270 days after the date of purchase, mutual funds and investment pools that are comprised of authorized investment vehicles. The District has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

The District has no policy that would limit the amount that may be invested with any one issuer.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. As of June 30, 2013, \$748,610 of the District's bank balance of \$1,113,834 was exposed to custodial credit risk because it was uninsured and uncollateralized.

NOTE D – Receivables and Deferred Revenue

At June 30, 2013, the District's receivables were reported in the basic financial statements as follows:

<u>Type</u>	<u>General Fund</u>	<u>Nonmajor Funds</u>	<u>Total</u>
Due from other governments	\$ 799,507	\$ ---	\$ 799,507
Intergovernmental	---	9,510	9,510
Totals	<u>\$ 799,507</u>	<u>\$ 9,510</u>	<u>\$ 809,017</u>

Governmental funds report deferred inflows of resources recognized as deferred revenue in connection with resources that have been received but not yet earned. At June 30, 2013, grant and categorical aid payments received prior to meeting all eligibility requirements were \$33,234.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE E – Capital Assets

Capital asset activity of the District's governmental activities was as follows:

	Balance June 30, 2012	Additions	Disposals and Adjustments	Balance June 30, 2013
Cost				
Buildings and improvements	\$ 6,843,107	\$ ---	\$ ---	\$ 6,843,107
Outdoor equipment	666,183	---	---	666,183
Equipment	526,191	17,757	---	543,948
Vehicles and tractors	445,808	110,214	---	556,022
	<u>8,481,289</u>	<u>127,971</u>	<u>---</u>	<u>8,609,260</u>
Accumulated Depreciation				
Buildings and improvements	3,105,068	107,009	---	3,212,077
Outdoor equipment	465,962	20,691	---	486,653
Equipment	417,829	19,646	---	437,475
Vehicles and tractors	399,704	39,946	---	439,650
	<u>4,388,563</u>	<u>187,946</u>	<u>---</u>	<u>4,575,855</u>
Net capital assets	<u>\$ 4,092,726</u>	<u>\$ (59,975)</u>	<u>\$ ---</u>	<u>\$ 4,033,405</u>

Depreciation expense was not charged to activities as the District considers its assets to impact multiple activities and allocation is not practical.

NOTE F – Interfund Receivables, Payables and Transfers

The composition of interfund balances is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
2008 Debt Fund	General Fund	\$ 5,671
2011 Debt Fund	General Fund	2,366
Lunch Fund	General Fund	1,473
		<u>\$ 9,510</u>

The outstanding balances between funds result mainly from the time lag between dates that 1) interfund goods and services are provided or reimbursed expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

An interfund reimbursement transfer was made from the Lunch Fund to the General Fund in the amount of \$15,000 to reimburse the General Fund for indirect costs related to food service activities.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE G – State Aid Anticipation Note

The District issues state aid anticipation notes in advance of state aid collections, depositing proceeds in the General Fund. These notes are necessary because the District receives state aid from October through the following August for its fiscal year ending June 30th.

Short-term debt activity for the year was as follows:

	Balance July 1, 2012	Proceeds	Accrued Interest	Repayments	Balance June 30, 2013
State Aid Anticipation Note	\$ 376,303	\$ 625,000	\$ 2,602	\$ (654,874)	\$ 349,031

NOTE H – Long-Term Debt

The District issues bonds, notes and other contractual commitments to provide for the acquisition and construction of major capital facilities and the acquisition of certain equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Other long-term obligations may include compensated absences, claims and judgments, termination benefits, and certain risk liabilities.

Long-term obligation activity is summarized as follows:

	Balance July 1, 2012	Additions	Reductions	Balance June 30, 2013	Amount due within one year
Government obligation bonds	\$ 4,175,000	\$ ---	\$ (465,000)	\$ 3,710,000	\$ 455,000
Durant resolution package bond	26,373	---	(26,373)	---	---
School bond loan fund	1,056,411	---	---	1,056,411	---
Bus and vehicle notes payable	---	110,390	(2,736)	107,654	21,659
	<u>\$ 5,257,784</u>	<u>\$ 110,390</u>	<u>\$ (494,109)</u>	<u>\$ 4,874,065</u>	<u>\$ 476,659</u>

Long-term debt consisted of the following at June 30, 2013:

Refunding Bond issue of 2008 with annual payments ranging from \$260,000 to \$335,000 plus interest of 3.59%.	\$ 2,800,000
2011 School building and site bond issue with annual payments ranging from \$145,000 to \$155,000 plus interest of 2.65%.	910,000
2013 bus note payable with one yearly payment of \$17,878 plus interest at 4%.	89,390

	<u>\$ 4,874,065</u>	<u>\$ 830,253</u>	<u>\$ 5,704,318</u>

Durant Non-Plaintiff Bond

The District was part of the Durant vs. State of Michigan lawsuit regarding under funding of state mandated programs, as a “non-plaintiff.” The case was settled in July 1997 in favor of the plaintiffs and non-plaintiffs. The District accepted an offer of \$140,000 in March 1998. The bonds will be repaid directly by the State of Michigan and are recorded by the District in the debt service funds. Proceeds from the bond were used for purposes as specified in the Michigan Revised School Code. During the year ended June 30, 2007, the State of Michigan revised the payment schedule of the obligation but the total amount of the obligation was not changed. The State of Michigan made its final payment to the District during the year ended June 30, 2013.

School Bond Fund Loan

The School Bond Loan Fund payable represents notes payable to the State of Michigan for loans made to the District, as authorized by the 1963 State of Michigan Constitution, as amended by Public Act 92 of 2005, for the purpose of paying principal and interest on general obligation bonds of the District issued for capital expenditures. Interest rates are determined annually by the State Administrative Board. Interest ranging from 3.0 % to 5.0% has been assessed for the year ended June 30, 2012. Repayment is required when the millage rate necessary to cover the annual bonded debt service falls below 7 mills. The District is required to levy mills and repay to the State any excess of the amount levied over the bonded debt service requirements.

NOTE I – Risk Management

The District is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injury, as well as medical, life, and workers compensation benefits provided to employees. School Board liability, errors and omissions, student accident, and all health and life insurances have been purchased through commercial insurance companies.

Settled claims for the insurances have not exceeded the amount of coverage in any of the past three years. There was no reduction in coverage obtained through insurances during the past year.

Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE J – Defined Benefit Pension Plan and Post Retirement Benefits

Plan Description

The District participates in the Michigan Public School Employees' Retirement System (MPSERS), a statewide, cost-sharing, multiple-employer defined benefit public employee retirement system governed by the State of Michigan that covers substantially all employees of the District. The system provides retirement, survivor and disability benefits to plan members and their beneficiaries. The system also provides post-employment healthcare benefits to retirees and beneficiaries who elect to receive those benefits. The Michigan Public School Employees' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report is available on the web at www.michigan.gov/orsschools or may be obtained by writing to the system at 7150 Harris Drive, P.O. Box 30171, Lansing, MI 48909.

Pension Benefits

Employer contributions to the pension system result from the implementing effects of the School Finance Reform Act. Under these procedures, each school district is required to contribute the full actuarial funding contribution amount to fund pension benefits. The employer contribution rate for basic plan members was 15.96 percent of covered payroll for the period from July 1, 2012 through September 30, 2012. The employer contribution rate for pension plus plan members was 14.73 percent for the period from July 1, 2012 through September 30, 2012. Beginning October 1, 2012 through January 31, 2013, employees were given the following plan options with the corresponding employer contribution rates:

	First worked Before July 1, 2010*	First Worked on or After July 1, 2010, through September 3, 2012**	First Worked on or After September 4, 2012 and Remain Pension Plus	First Worked on or After September 4, 2012 and Elect DC
Pension contributions	16.25%	15.02%	15.02%	12.78%
Health contributions	9.11%	9.11%	8.18%	8.18%

* Basic, MIP Fixed, MIP Graded, MIP Plus

** Pension Plus

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE J – Defined Benefit Pension Plan and Post Retirement Benefits (Continued)

For the period from February 1, 2013 through June 30, 2013, employees could transition to a defined contribution plan (DC) and could also elect out of the healthcare premium subsidy and into the Personal Healthcare Fund (PHF), depending upon their date of hire and retirement plan election. Employees had the following plan options with the corresponding employer contribution rates:

	Basic MIP	Pension Plus	Pension Plus PHF*	Pension Plus to DC with PHF*	Basic MIP DB to DC with Health	Basic MIP DB to DC with PHF	Basic MIP with PHF
Pension contributions	15.21%	15.02%	15.02%	12.78%	12.78%	12.78%	15.21
Health contributions	9.11%	9.11%	8.18%	8.18%	9.11%	8.18%	8.18%
Defined contribution plan employer contributions:							
DC employer contributions	0.00%	1.00%	1.00%	3.00%	4.00%	4.00%	0.00%
Personal healthcare fund	0.00%	0.00%	2.00%	2.00%	0.00%	2.00%	2.00%

*First worked September 4, 2012 or later

Depending on the plan selected, plan member contributions range from 0 percent up to 7.0 percent of gross wages. Plan members electing into the defined contribution plan are not required to make additional contributions.

The District's contributions to the MPSERS plan totaled approximately \$409,500, \$426,500 and \$332,000 for the years ended June 30, 2013, 2012, and 2011, respectively.

Post Employment Benefits

Under the MPSERS Act, all retirees participating in the MPSERS Pension Plan have the option of continuing health, dental, and vision coverage. Retirees having this coverage contribute an amount equivalent to the monthly cost for Part B Medicare and 10% of the monthly premium amount for the health, dental, and vision coverage at the time of receiving the benefits. The MPSERS board of trustees annually sets the employer contribution rate to fund the benefits on a pay-as-you-go basis. Participating employers are required to contribute at that rate. The employer contribution rate of covered payroll totaled 9.11% for the period July 1, 2012 through June 30, 2013.

The District's required and actual contributions to the plan for retiree healthcare benefits for the years ended June 30, 2013, 2012 and 2011 were approximately \$241,000, \$228,000 and \$227,000, respectively. Required contributions for post employment health care benefits are included as part of the District's total contribution to the MPSERS plan discussed above.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE K – Commitments and Contingencies

Environmental Remediation Liability

The District is monitoring a site on its property where petroleum products were leaked causing water and soil contamination. During the year ended June 30, 2008 the District completed the clean up of the site and is now required to monitor and test for contaminants periodically. If the monitoring shows any additional clean-up is required, the District will be liable for further remediation of the site. The District has not accrued any liability associated with the potential for future environmental remediation costs.

Grant Programs

The District participates in numerous state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at June 30, 2013, may be impaired. In the opinion of the District's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants. Therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Unemployment

The District is a reimbursing employer to the Michigan Employment Security Agency (MESA) and as such is responsible to pay the MESA for those benefits charged to its account. As of June 30, 2013, appropriate liabilities have been recorded for all claims paid or chargeable by the MESA. However, no provision has been made for future payments that might result from claims in process or unfilled claims.

Other Contingencies

Kalamazoo and Calhoun Counties have purchased the District's delinquent real property taxes. If any of the delinquent taxes become uncollectible, the District will reimburse the appropriate County for the total uncollectible amount plus interest from the date the County purchased the taxes to the date the District reimburses the County.

NOTE L – Adoption of New Accounting Standard

Effective July 1, 2012, the District adopted the provisions of the following accounting pronouncements:

Governmental Accounting Standards Board (GASB) Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. This Statement incorporates into GASB literature certain accounting and financial reporting guidance issued on or before November 30, 1989, that is included in FASB statements and interpretations, APB opinions, and accounting research bulletins of the AICPA Committee on Accounting Procedure. Adoption of this standard did not result in restatement or reclassification of opening net position (formerly net assets) or fund balances.

**Climax-Scotts Community Schools
Kalamazoo County, Michigan
Notes to the Financial Statements
For the Year Ended June 30, 2013**

NOTE L – Adoption of New Accounting Standard (Continued)

GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This Statement incorporates deferred outflows of resources and deferred inflows of resources, as defined by GASB Concepts Statement No. 4, into the definitions of the required components of the residual measure of net position, formerly net assets. This Statement also provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. Adoption of this standard did not result in restatement or reclassification of opening net position or fund balances.

GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources and deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

NOTE M – Pending Accounting Pronouncements

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 requires governments providing defined benefit pensions to recognize their unfunded pension benefit obligation as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The net pension liability that will be recorded on the district-wide statements will be computed differently than the current unfunded actuarial accrued liability, using specific parameters set forth by the GASB. The statement also enhances the accountability and transparency through revised note disclosures and required supplemental information. The District is currently evaluating the impact of the standard will have on the financial statements when adopted. The provisions of this statement are effective for financial statements for the year ending June 30, 2015.

NOTE N – Subsequent Events

Management has evaluated subsequent events through October 10, 2013, the date on which the financial statements were available to be issued.

CONSULTANTS & CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education
Climax-Scotts Community Schools
Climax, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Climax-Scotts Community Schools (the District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 10, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
