3. To provide the Superintendent with sufficient and adequate guidelines for implementing Board policies,
4. To maintain effective communication with the school community, the staff, and students, and
5. To conduct Board business openly, soliciting and encouraging broad-based involvement in the Board's decision-making processes by public, students, and staff.

Whenever the words “Superintendent,” or “Principal” appear in these policies and rules, the words “or designated representative” shall be assumed to follow. The delegation of authority of administrative actions does not relieve the Superintendent or other administrators of the responsibility of the actions of such designated representatives.

1370 Public Participation

1370

At each meeting of the Board, the President or the presiding Board officer shall welcome all visitors to the Board meeting.

The Board President shall ask, at the appropriate time as specified on the agenda, those members of the public attending the Board meeting if any of them have something to bring to the attention of the Board. All those wishing to address the Board shall be subject to the following procedural regulations:

- a. The public participation portion of the meeting shall be limited to one-half hour normally. An exception will be made so that no one's right to address the Board will be denied.
- b. Each person shall be allowed to speak for up to five minutes, except where the number of speakers exceeds the time limit. In those instances, either the Board President may reduce the five-minute limit to a three-minute limit for each speaker or the President will waive the one-half hour time limit and establish a longer period.
- c. Each person wishing to address the Board may be asked to identify himself/herself by name and address. If the person is representing an organization or group, the person should indicate whether the comments or presentation represents the official view of the organization or group or are his/her own comments.
- d. If a delegation is present to address the Board, the delegation may be asked to select up to five representatives to speak on its behalf, for a total of not more than 15 minutes. This request, however, does not mean that any person wishing to address the Board will be denied that opportunity.
- e. Any written statements should be given to the Board Secretary/Treasurer so that copies may be made available to all Board members. All written statements and documents presented to the Board by an individual or group during the meeting are considered public documents.

1370 Public Participation

1370-2

- f. Individuals addressing the Board should take into consideration the rules of common courtesy. The public participation portion of the meeting cannot be used to make personal attacks against a Board member, District employee, or student that are totally unrelated to the administration of the District. If the comments constitute a complaint against a Board member or employee, the Board member or employee has a right to request a closed session of the Board.

A person who states a complaint against a Board member, employee, or student of the District that is related directly to their job performance, duties, or the administration of the District during public comment will, as provided in these bylaws, be permitted to make the initial allegation. Thereafter, the affected Board member, employee, or student may request that further discussion and/or deliberation occur in a closed session pursuant to the Open Meetings Act.

- g. Board members may question speakers, but are not obligated to answer questions or make statements or commitments in response to issues raised by the public. In general, such issues will be referred to the Superintendent for investigation, study, and recommendation or designated as future agenda items for Board consideration.

Handling of Complaints (Cf. 9450)

Speakers are encouraged to present complaints about a specific employee, Board member, or student through proper channels established under Board policy before requesting Board consideration.

⁵ **MDE Bulletin 522 revised Sept. 2006.** Record Maintenance Records can exist in a wide variety of formats, including paper, maps, photographs, microfilm, digital images, e-mail messages, databases, etc. The retention periods listed on this general schedule do not specify the format that the record may exist in, because each government agency that adopts this schedule may choose to retain its records using different recording media. Government agencies are responsible for ensuring that all of their records (regardless of format) are properly retained and remain accessible during this entire retention period. All records [this includes District email records] need to be stored in a secure and stable environment that will protect them from tampering, damage and degradation. Electronic records are dependent upon specific hardware and software to be accessed and used. It is important to understand that the original technology that is used to create electronic records will eventually become obsolete. As a result, school districts should work with their information technology staff to develop preservation plans for retaining electronic records with long-term (more than 10 years) retention requirements. Various laws (including the Records Reproduction Act, MCL 24.401-24.406) identify acceptable formats for retaining public records; agencies are responsible for understanding and complying with these laws. Public Disclosure Select records series that are listed on this schedule may be exempt from public disclosure, in accordance with the provisions of various state and federal laws. Please consult with your attorney if you need additional information. Suspending Destruction: School districts must immediately cease the destruction of all relevant records (even if destruction is authorized by an approved Retention and Disposal Schedule) if they receive a FOIA request, if they believe that an investigation or litigation is imminent, or if they are notified that an investigation or litigation has commenced. If relevant records exist in electronic formats (such as e-mail, digital images, word processed documents, databases, backup tapes, etc.), the school district may need to notify its information technology staff. Failure to cease the destruction of relevant records could result in penalties.

The Board annually shall designate a person - who may or may not be a member of the Board - to serve as its legislative representative. This person shall be authorized to speak on the Board's behalf with respect to legislation being considered by the state legislature, or the United States Congress or their representative committees. In all dealings with individual elected representatives, the legislature, or Congress, the Board's representative will be guided by the official positions taken by the Board.

This representative shall attend state school Boards association meetings and convey local views and concerns to that body and participating in the formulation of state legislative programs. The legislative representative shall monitor proposed school legislation and inform the Board of the issues.

Purpose

Recommended Legislation

All requests for proposed legislation will be directed to the Board's designated representative. The request will then be reviewed to determine if it is to be included as a part of the District's legislative package.

The Board will finalize the complete legislative package.

Section 1000 – Board Bylaws

1955 Board Member Service as an Unpaid Volunteer

1955

As permitted by state law, a member of the Board may serve as a volunteer coach or as a volunteer supervisor of an extra curricular activity if the following statutory conditions are met:

- The Board member receives no compensation for serving as a volunteer coach or extra curricular activity supervisor.
- The Board member abstains from voting on issues that concern the program or activity that the Board member is serving as a volunteer.
- There must be no qualified applicant available from either the staff or from the outside to fill the position that the Board member will serve as a volunteer.
- The Board member must pass, in the same manner as all other staff of the District, a criminal history/criminal records check from the Michigan Department of State Police and the Federal Bureau of Investigation.

A Board member volunteer coach or supervisor of an extracurricular activity may be appointed to a one-year term annually by majority vote of the board and may be removed from the position by majority vote for any reason. The Board member who is the subject of the appointment or removal action shall not vote on the question.

A Board member volunteer coach or supervisor of an extracurricular activity must abide by all rules and regulations that govern the position when it is held by a paid employee.

This bylaw does not apply to, nor would Board approval or a criminal history/background check be required, for incidental volunteer activities in positions that would not normally be “paid” positions that parents/guardians or community members might perform. These might include, but not be limited to, working at a concession stand for an athletic event, chaperoning a school sponsored dance or other activity, tutoring in a reading or mathematics program, or assisting at events like a school carnival.
